MEMORANDUM

To: OIC-Assistant Schools Division Superintendent
Chief of Education Supervisors
Education Program Supervisors
Public Schools District Supervisors
Public Elementary School Principals
All Others Concerned

From: **MELITON P. ZURBANO**
Assistant Schools Division Superintendent
OIC-Office of the Schools Division Superintendent

Date: August 6, 2019

Subject: **OVITRAPPING SCHEDULE**

1. Enclosed is a letter dated August 5, 2019 from Rieñer Jan O. Domingo, Sanitary Inspector, HEPO re: **Conduct of ovitrapping on all school classrooms**, contents of which are self-explanatory, for information and appropriate action.
2. Relative to this, all schools are enjoined to support the above-mentioned activity. Please see attached schedule for your reference.
3. Wide dissemination of this Memorandum is desired.

05 August 2019

MELITON P. ZURBANO, CESE

OIC-School Division Superintendent
Schools Division Office
Navotas City

Dear Sir,

With reference to the Morbidity Week 30 Partial Report of the Department of Health-Center for Health and Development, there were **9,241 dengue cases** admitted at different reporting institutions of National Capital Region from January 1 to July 27, 2019. The ages of cases ranged from 16 days to 89 years with a median age of 12 years old. The **42%** affected belong to the 5-14 years age-group and **55%** of cases were male. In the city of Navotas, there were **128 reported dengue case** with **1 death** in which 23% higher as compared to the same period of 2018 (104).

With the declaration of **NATIONAL DENGUE ALERT** of the Department of Health, activities on Dengue Prevention must be intensified and these activities must be done with close coordination with the schools and barangays.

In this light, may we request from your good office to conduct ovitrapping on all of the schools' classrooms. Ovitrapping must be done prior to space spraying to make sure that a school is a hotspot for mosquitoes.

A million thanks and God Bless!
Sincerely,

Rieñer Jan O. Domingo, IPT
Sanitation Inspector HEPO
